Deviation in plan if any and reasons for same :

- The deviation in the schedule plan has been caused due to sickness Typhoid two MTs.

Opportunities and Challenges :

Opportunities :

- Newly appointed existing team has been trained and given thorough orientation on FLWE concept.
- School summer vacation started.
- Existing team already trained in working of forward backward linkages.
- The SHG leader already trained and using a digital device for uploading data.
- Integration of Financial Inclusion Activities with FLWE programme
- SHGs account opening & Credit Campaigning by NJGB Bank.
- In place of one person (MTs) team of three person (MTs/Vistt Sakhi & SHG Animator) available for implementing the activates.

Challenges :

- Due to the summer vacation the client has gone out from there residential place.
- The existing team has to cop up with additional responsibilities.
- Collaborative approach for SHG members / Non-SHG members.
- Need to organize Mass Awareness Camp for all clients.
- Multiple updating data on digital device.
- Non Availability of net connectivity.
- The one MT continues only due to on health issue.

- Temperatures is to high difficult organize to community area.
- Available program is not showing program vice individual client data in any report.
- Client anness to provide the help in solve there present problem related to bank insurance health in place of seating in theory classes. Example – Bank demand PAN card for issuing opening saving account with chaqke book, due to the new guideline of RBI some banks bonds to opening all individual members saving account in there bank and link all this account with mobile number and Aadahar number of all Members mandatory. In absence of this activates they have closed there (SHG) credit facilities and all transaction of credit account due to this issue all the shg bonds to there help to solve this problem around 600 SHG CCL account with the limit of around 10 caror has been blocked by bank from 3 months.

Note : we have found that there rission need to work with SHGs to smooth there operations specifically banking activities. There for after review this month management has decided to intrigued all team with MT to Provide the solution to the beneficiaries.

There for the management has organized by joint meeting and designed the daily work plan together MT & other team of SHG management & Microfinance.

This month some of the SHG account has been started be credit transaction and some are is in the processes.
